

QUALITY AND ENVIRONMENT POLICY

Our aim is to produce **change** by being aware of improvements in approach to all aspects of the environment and it our aim to be **progressing constantly** to improve all our lives, both customers and employees.

Our goal is to constantly monitor changes, to **focus on human** and **environmental considerations**. We have established an environmental management system to support our procedures which sets out our aims and targets.

It is our intention to strongly support all **ethical values** with **honesty** and transparency.

We aim to give priority to developing environmental awareness by **decreasing the use of natural resources and preventing pollution**. We will aim for **continuous improvement and sustainable progress** in this quality and environmental policy.

Any commercial success depends on full commitment from all **people**. Besides providing a high standard of service quality to our customers our aim is to ensure they are happy to work with us. Conversely the living standards, quality of working environment and most importantly **pride in our work** must be the focus for our employees.

Turkon Line UK is committed to complying with all **national, international business and environmental regulations**.
